JOSIAH TURNER, Jr., EDITOR.

SINISTER RETRENCHMENT.

Mr. Beck, of Kentucky, has done the country the good service of letting in the daylight of fact upon those retrenchments of fancy which have for some time past made up the stock in talk of the Republican trumpeters. There has been crooking enough at Washington, heaven knows, of the pregnant hinges of the knee; but it does not thus far appear very clearly that thrift has followed the fawning. Mr. Beck, as our readers will see, shows us that the expenses of the Navy Department for the past fiscal year exceeded the appropriation for that department by the trifle of $22,000,000—this excess being equal to just about one-third of the actual cost of the whole machinery of Federal government under the last Democratic administration, ten years ago. The Treasury Department proclaimed throughout the land as the headquarters of practical economy, is charged with an illegal annual waste of nearly $2 000,000! The frugal Boutwell, whose boast is that he has established a telegraphic thermometer of the daily business of the country, is allowed by the law the services of 1,785 officials of all grades. These he pays with the national funds, whatever may be the service in which he employs them; but with these he is not content. He reinforces them with an unauthorized demibrigade of very nearly *sixteen hundred* "additional" clerks, spies, appraisers of private pocket handkerchiefs, and inspectors of Baltriggan ladies' hose, who in the aggregate receive salaries amounting to $1,900,000.

For this expenditure, being an advance of nearly one hundred per cent upon the lawful outlay of the Treasury, no syllable of legal warrant can be shown by the Secretary, who solemnly assured Judge Lawrence, as our readers may remember, that it was his intention, on taking the office he now holds, at once "to reduce the establishment within legal limits."

If the head waters are thus swollen, what must be the flood of extravagance in the lower stream!—*N. Y. World.*

GRANT AND THE SIOUX.

That RED CLOUD and LITTLE BEAR and SPOTTED TAIL should think hunting deer and buffalo a more interesting occupation than planting corn or laying railway sleepers may prove these eminent chieftains to be no better than "salvage men." But really there is something to be said for them when we find their "Great Father," President GRANT, preferring the sport of trout fishing in PENNSYLVANIA to the cares of government in Washington. It is quite curious how strong the points of sympathy are between the hereditary chiefs of the Sioux and the elected chief of the state. Silence, smoking, and sport are the three leading passions of the aboriginal mind. As the Persians in the time of CYRUS were trained to ride on horseback, to shoot with the bow, and to speak the truth, so are the Sioux of our own day taught to hold their tongues, to bag game, and to puff the soothing pipe. What three things are more notable than precisely these in the constitution of President GRANT? It is doubtless impossible to imagine any state or condition in which President GRANT could be made happier than he will be this day, travelling from Washington to PENNSYLVANIA, with Senator CAMERON to do all his talking for him, with an unlimited supply of weeds at his command, and with the prospect of trout-filled pools of black mountain-water awaiting him at the end of his journey. Probably the very best way of bringing about a permanent good understanding between the "last of the Ogallalas" and their "Great Father" would be to send "Red Cloud" and his companions into PENNSYLVANIA with the President, there to smoke, angle, and hold their tongues in company for a month or so undisturbed.—*N. Y. World.*

The three humorists Nasby, Billings, and Twain, are thus described by a Boston correspondent of the New York *Evening Post*: "Nasby dislikes the title of humorist. He uses humor as an instrument for the enforcement of his points, which always involve some political principle. His 'best bolt,' as he calls it, is no doubt 'strong horse sense.' Josh Billings is a born humorist, genial and tender hearted, and heartily loved by those that know him well. He once said that nothing would delight him more than to lecture in Music Hall, when he was eighty years old, with white hair falling over his shoulders, and 'f. f.' the audience. He is now about sixty years of age. Mark Twain is more purely a literary man than either of the trio. He is very sensitive, and an unappreciative audience acts upon him like a cold shower-bath.—Twain will not lecture next season; he has got riches and married a wife, and wisely prefers to take his ease."

AN ETERNAL LEAP YEAR.—Among the Cossacks of the Ukraine leap year is eternal. When a young woman feels a tender passion for a young man she seeks him at the residence of his parents, and addresses him as follow?—"The goodness I see written in your countenance is a sufficient assurance to me that you are capable of ruling and loving a wife, and your excellent qualities encourage me to hope that you will make a good husband. It is in this belief that I have taken the resolution to come, and beg you, with all due humility, to accept me for your spouse." She then adresses the father and mother, and solicits their consent to the marriage. If she meets with a refusal she declines to leave the house, and such conduct is usually crowned with success. The parents of the young man never put the young maidens away, if they still persist in their stay, believing that by doing so they would bring down the vengeance of heaven upon their heads.

An itinerant quack doctor in Texas was applied to by one of Col. Hays' rangers to extract the iron point of an Indian arrow from his head, where it had been lodged for some time. "I cannot xtract this, stranger," said the doctor, "bekase to do so would go nigh killin' you, but I tell you what I can do; I can give you a pill that will melt it in your head!"

A WESTERN coroner's jury returned a verdict that the deceased came to his death from exposure. "What do you mean by that?" asked a relative of the dead man, "there are two bullet holes in his skull." The coroner replied, with a wave of his magisterial hand, "Just so; he died from exposure to bullets."

Queen Victoria, at the recent opening of the University building, according to the London papers, looked "well and young, and interesting."

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watch making originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artizans in our works, and long use on the part of the public, demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

AN INEVITABLE CONCLUSION.

The freemen of North Carolina are about entering upon a campaign for the election of a Legislature and a batch of county officers for each county, on the result of which depends, in a very great degree, their personal and social well-being, and it becomes every man, not only from private, but from patriotic considerations, to weigh well the responsibility that rests upon him and to decide dispassionately what he ought to do.

That the public affairs of the State have been badly managed—that its legislation has been a mere farce—its financial operations a series of blunders—its public improvements and material interests retarded—its credit destroyed, and its educational interests, for want of skill and the confidence of the people in those into whose hands it has passed, in a deplorable condition, no one who has any regard for his veracity or intelligence will pretend to deny.

In order, to establish the truth of what we have stated, it is not necessary to go back and rehearse the history of the last two years—the extravagant appropriations by the Legislature—the misapplication of the bonds issued under that legislation—the exorbitant taxes exacted from the people, notwithstanding which the Treasury is empty and has been forced to borrow the school money to meet the expenses of the State government—the low sale of our bonds in the money centres, together with a hundred other facts that might be mentioned; these things are familiar to the recollection and knowledge of every one.

Who is responsible for these things?—Who shall the people that have suffered, hold to account for this state of affairs?—Why, of course those who have done the mischief; that party which has had unlimited and unchecked sway in the management of public affairs in the State for the last three years.

Governor Holden made the distinct declaration that no one but a member of the Republican party should hold any office in the State, from the highest to the lowest; and strictly has this rule been adhered to. They have held the power in every department of the Government, in all railroad management where the State had a controlling influence, and in a large majority of the counties and municipal corporations. They had the absolute control of the legislation of the State; the execution of the laws; the levying of taxes, and the spending of the money, and if the legislation has been unwise; the laws badly executed; the taxes burdensome, or the finances wasted, the Republican party is alone responsible for it, and no ingenious reasoning or false logic can shift the responsibility to any other shoulders.

If this statement of the case be true, then it follows as an inevitable conclusion, that the continuance of that party in power in the State would be a direct endorsement of all that has been wrongfully and mischievously done by it.

Let it be borne in mind that in all the Republican county Conventions that have yet been held (and we know what sort of material they are generally composed of) the administration of Gov. Holden has been formally endorsed, and as Gov. Holden and the Legislature has been in perfect accord throughout, the endorsation of his administration is an endorsation of all the blunders, extravagance and dishonesty of that body.

As Gov. Holden has been on terms with all the Railroad Presidents appointed or elected through his influence, and has never checked one of them in the mismanagement or misapplication of the bonds, the endorsement of his administration is an endorsement of all the swindling and rascality that has been practiced by these men.

As Governor Holden has never raised his voice against the burdensome taxation laid upon the people, nor against the wasteful and extravagant expenditure of the people's money, the endorsement of his administration is an endorsement of these high taxes and extravagant expenditures.

Now, if the people of the State are ready to second this endorsement by continuing this administration in power, so much more lamentable is our condition.—But we do not believe they intend to do it. The evidences from all parts of the State indicate that they will not, and we believe these indications will be confirmed in August next.

Our exchanges from the different sections of the State all speak of great injury to the crops by the recent heavy rains.

WAKE FORREST COLLEGE COMMENCEMENT.

Rev. Dr. Toy's sermon on Wednesday night closed the second day of this commencement, and a very admirable sermon it was. The "Incarnation of the Saviour," that most interesting of all themes to the christian, was the subject—and while there was a beautiful simplicity and modesty in the treatment of the topic, the extraordinary powers and attainments of the preacher could not be concealed. The general complaint against the sermon was that there was *too much* in it—the massive thoughts came too thick and fast for the mind to appreciate their force and power, and many expressed the desire to see the sermon in print, that they might study it with care.

Dr. Toy is about 35 years of age, his constitution is good; his attainments already place him among the learned men of the country, and it should be a subject of congratulation to all admirers of sanctified knowledge to know that he has identified himself with a general theological seminary in S. C., where there were last term 62 students, the largest Baptist Theological Seminary in America. Ten young ministers represent N. C., in this Seminary.

Thursday was commencement day proper. Then the crowd was greatest, the girls were prettiest and the young gentlemen sought to display the graces of debonair gallants.

At 10:30, Students, Faculty, Trustees and invited guests, entered the chapel which had been decorated with evergreens by the good taste of Mr. Englehard, and after no little rustling of silks and adjusting of skirts to allow the crowd to be compressed within the given space, the exercises were opened by prayer from the Rev. R. H. Graves, of Canton China.

PROGRAMME.

Latin Salutatory—R. E. Royall, Wake Forest.

"The Law of Change"—M. L. Fowler, Wake county.

"Power of Public opinion"—Wm. Bland, New Hanover county.

"*Die Amerikanische Republik*"—R. J. Biggs, Baltimore, Md.

"What Next!!"—S. W. Brewer, Wake Forest.

"Teaching"—R. E. Royall, Wake Forest.

"The South—the Home of Southern People"—C. M. Seawell, Carthage, N. C.

"Truth is Mighty and Will Prevail"—Valedictory Addresses—G. W. Greene, Caldwell county.

Conferring Degrees.

Music by the Band, between each of the addresses.

After conferring the degrees, President Wingate delivered a brief address to the graduating class, which in wisdom, beauty and tenderness, I have never heard surpassed, if equaled. The speeches of the graduating class were well written and received with evident marks of favor, but did not indicate much oratorical ability.—It is just, however, to say that the address of Mr. Seawell, which was patriotic, and that of Mr. Brewer, which was humorous, were both excellent of their kind, and were greeted with great applause.

At 4 P. M. the two literary societies held their annual social meetings, and there was much genial flow of soul as wit, wisdom and anecdote enlivened the festive occasion. By the way, the society halls of this institution are too small, but they are furnished in a beautiful and costly manners and at no College in the land is there more interest taken in the debates, while the alcoves of their libraries display about 7,000 well selected volumes.

At night the young people and the old people too I believe, gave themselves to social enjoyment. There was no party, no dancing, and no supper, and yet, as the belles and beaux promenaded through the corridors, Chapel Society Halls and serpentine walks of the grove of splendid oaks, I question whether their pleasure would have been enhanced by the ceremonies of a magnificent modern ball.

MISCELLANEOUS REMARKS.

The *campus* of this really beautiful place has been greatly improved. Instead of a grove of stinted pines, and many unsightly gullies near the Rail Road, a handsome lawn, traversed by graceful walks, and ornamented with shrubbery, now greets the admiring eye of the passer by, and promises in a few years, to make this one of the loveliest spots in all the State. For this much needed and most grateful improvement, the friends of the College are indebted to Messrs. J. M. Heck, W. W. Vass, J. M. Pool, J. G. Williams, W. G. Upchurch, R. G. Lewis, John Armstrong, Samuel Carrow and J. H. Foote, who each gave a hundred dollars to this object, and the good taste of Mr Englehard has already demonstrated the wisdom of the appropriation. Could we educate the youth of the land with surroundings which were "all beauty to the eye and music to the ear," we might well hope that the next generation would be purer and better than the present.

The great want of this institution is money. Only about twenty thousand dollars remain of an endowment of a hundred thousand, which was the property of this College when the war began. If every one of the 116 students paid full rates of tuition the amount realized would not be sufficient to meet the salaries of the professors, much less make improvements in building, grounds, system and appliances of instruction &c., but there are twenty students for the ministry who pay no fees, and thus fourteen hundred dollars are lost, which by every principle of justice should be made up from some source to the Professors. No wiser or better appropriation can be made of money than to give it to such institutions of learning as this, and profoundly is it to be wished that providence would soon enrich our people and incline their hearts to benefactions of this kind, which will bless present and succeeding generations.

The Alumni Association elected as the officers for the ensuing year, Rev. W. T. Brooks, D. D. President, Rev. G. W. Sanderlin, Secretary, and Prof. W. G. Simmons, Treasurer.

A committee consisting of Major Foote, Rev. T. H. Pritchard and Dr. Brooks was appointed to prepare a memorial of those members of this Association who lost their lives in the war. James Bond, Esq., of Bertie was chosen orator of the Association for the next anniversary, with Major J. H. Foote as alternate.

In taking leave of this most agreeable occasion, permit me to say that that part of it upon which my mind dwells with most pleasing satisfaction was the pious, patriotic and eloquent address of that accomplished gentleman, Judge Kerr. It cannot fail to do good.

TIMOTHY.

TOBACCO BARN BURNT.—The barn of Mr. Thomas Bailey, residing in the Northwestern part of Wake, was burned on Monday last, with its contents, including a threshing machine and other farming tools, and a small lot of tobacco. The fire was the result of accident.

An old sailor passing through a graveyard, saw on one of the tombstones, "I still live." It was too much for Jack, and shifting his quid, he ejaculated, "Well, I've heard say that there are cases in which a man may lie; but, if I were dead, I'd own it!"

DOCKERY STOCK DECLINING.

FRENCH SICK,

LUMBERTON, N. C., June 8, 1870.

Editors Journal: I wrote you by this morning's train a short description of the Radical Convention now going on in our town, and promised if anything of interest turned up to-day to let you hear from me again.

The trains from Wilmington and the west this morning swelled the crowd already gathered here considerably, and in point of numbers the convention may be called a success. The different aspirants slept but little last night, and it is evident that each one thinks that ere the sun sets to-day he will be a Congressman in embryo. Dockery seemb very sanguine, Andrew Jones and his treasurer *John*, are not idle, and Galloway is slowly but surely looming up, and has already made some masterly strides towards the coveted prize. He bases his claims upon the question of color. Who can tell what a day may bring forth?

The Convention assembled in the Court House to-day at 11 o'clock, A. M., and was called to order by Z. G. A. Graham, of Anson, who nominated John Davis (Andy Jones' treasurer) for temporary chairman. This was too much for the Dockery faction, and there a scene ensued that beggars all description. Rice, a delegate from New Hanover, who seemed to be working in Dockery traces, demanded of the chairman by what authority he made this nomination. Chairman replied by virtue of his office as Chairman of the Executive Committee of this Congressional District. Rice appealed from the decision of the chair to the house. Just here Galloway entered the ring, followed by Price, Mabson, Leary, Sinclair and others—all addressing the chair at the same time, and each one claiming the floor. Finally John recognized Galloway, and he proceeded in a very deliberate and earnest manner to take the hull off of Rice. Rice objected to the operation, but Galloway showed fight and Rice wilted. He told Rice that he had stolen the credentials of two colored delegates from Sampson county, and that if he interrupted him again he would rap him in the mouth. Sheriff Howell came to the assistance of Rice and informed Galloway if he did not quiet down he would jail him. Galloway defied him, showed fight again, and Howell retreated. Confusion reigned supreme, so much so, that our Parson Sinclair got up and said he was ashamed of such proceedings;—so high was the confusion that a motion was made to adjourn "sine die" without making a nomination, and would have been carried but for the timely interference of some who had not shown themselves on the stage before. It was impossible to do any business, and a motion to adjourn until 2 o'clock, P. M., in order that the hands might cool off, was made and adopted.

Convention assembled at 2 o'clock.

A motion was made to appoint a committee of five on credentials, when ensued another long discussion between Sinclair, Leary, Mabson and others. It was evident that the adjournment was too short for the hands, and the same confusion which had ruled the Convention before dinner showed itself again. George Price took a hand, but had not proceeded far before John Long, of Richmond county, hurled a bomb shell at him in the way of a question, which he wanted decided by the Chair, to wit: if George Price, a deserter from the United States navy, was to be recognized as a delegate to this Convention? This rather stunned Price, but he was brought to by the decision of the Chair, who ruled Long out of order.

Nothing was done in the evening session but the appointment of a Committee on Credentials and an investigation of the credentials of delegates from contested counties.

Convention adjourned until 9 o'clock this morning.

One day has passed and they have not even effected a permanent organization.—It is probable that they may do it to-day; if so, I suppose the Convention will adjourn to-night. Andrew Jones keeps aloof from it, and says if Dockery is nominated he is an independent candidate. Galloway is the ruling spirit in the Convention, and so far stands a good chance for the nomination.

Yours,

PER DEE.

For the Journal.

LUMBERTON, N. C., June 9th, 1870

Dear Journal:—The Radical Convention attracted quite a crowd of the black and tan from the counties around, some of whom are delegates, but the larger portion of them were lookers on and whippers in. You heard yesterday of this, however, and I now propose to speak of the Convention.

The morning's session commenced at once in a squabble about a Chairman; a frightened looking no face'd individual occupied the Chair. He was diligently pelted by a score of lusty speakers all on the floor at the same time, and exhibited an air of satisfaction when relieved by Bohu Davis. Davis spoke his piece and seemed to be in earnest to work, and the sequel shows he did work. It is hardly necessary to tell your readers who Johu is, for any one who has seen him in his own crowd can never forget his brazen face and self importance, always zealous to do justice to speakers when on his side. Major J. C. Mann, of Wilmington, and Jno. A. Long, of Richmond, having been made Secretaries, the meeting was temporarily organized.

Of course Galloway was there in full bloom, and commenced a lively attack on some of his conferees, who would presume to vote without credentials.

Rice (L. E. from your city) did not recognize the chairman, and thereupon ensued the most perfect din out of pandemonium. Price roared, Galloway charged, and the big guns were double-shotted and discharged at the Chair and Rice. Galloway called Rice a scoundrel and hyena; he (Rice) had pocketed credentials from New Hanover and had tried to black mail the Legislature. He (Galloway) knew Rice was a liar, and he was personally responsible for what he said. Galloway rushed towards Rice but Proctor interfered, while Galloway shouted that he would slap the face of the puppy. Your correspondent was sorry for Rice, for not only was Galloway after him, but there was a general shout from the negro delegates calling the poor, pale, and anxious fellow, halfrice and other ugly things. At this juncture Sheriff Howell popped up to the head of the stairs and declared if order was not preserved he would clear the Convention out of the Court House; he had authority and he had the means at his control. Galloway and a score more rose to their feet, Galloway defying the Sheriff, threatening him, and advising him to leave. He (G.) had more friends among the Democrats in Lumberton, than Howell had in his own party, and could give bonds for a hundred thousand dollars—his friend, Col. Cowan, (whew!!) would back him,—and making many other boisterous and impudent demonstrations.

Hays, and Rice, and Leary, and Price, all joined in the general *melee*, but their guns were silenced by the overpowering voice of the Senator from New Hanover! The Chairman, overcome by his extra exertions to get a chance to make a speech, took off his coat and sawed the air with his hands violently, but we saw no other effect than for him to turn very red in the face and sweat hugely. Finally a Quaker-looking magistrate came meekly to the Speaker's stand, and declared that, as a magistrate, he would have order or the Convention must find some other place to hold its sessions. Several of the negro delegates made speeches. Price's voice overwhelmed the rest, and said they could adjourn to the African Church; that was the property of the negroes; they could meet without molestation. Mr. Magistrate as meekly subsided and was soon lost in the sweaty crowd. Galloway moved to adjourn *sine die*. The motion seemed to have been reconsidered,—at any rate, a motion got through to adjourn till 2 o'clock.

The foregoing is a feeble pencilling of the most ludicrous, disgusting and shameful scene we ever saw. If all the thieves and robbers fresh from Sing Sing had been turned loose in a room they could not have equalled this set of hungry office seekers. Some of them, who at home are considered not only champions, but invulnerable warriors, were content to slink away in a quiet place as spectators. "Gen Zoe" was there, of course, but as quiet as a lamb. He really looked like he was an outsider. There was also a knowing looking Yank on the outskirts of the crowd with his squint-glasses on, manipulating for Dockery. He was a Colonel ——— somebody, a Treasury agent sent out to have the right man nominated. He had some co workers from abroad, all looking exceedingly anxious.

The afternoon session was rather more orderly. Dinner seemed to have had a soothing effect. The *Rev. Col.* Sinclair opened with a speech upon the merits of Dockery. The gentleman was in a remarkably good humor—seemed to be warmed up by something, but as he says he *don't drink* he couldn't have been drunk. He tried by compliments to ward off an expected attack from Leary, but signally failed. Leary excoriated his antagonist decently and effectually.

G. L. Mabson announced, in a fiery harangue, the claims of A. H. Galloway as the nominee of the party, which elicited enthusiastic yells and cheers from the negroes, and made the whites open their eyes wider. Some tried to regard it as a joke, but it was plainly to be seen that they don't relish any such change of tactics.—The meeting then commenced the examination of credentials and adjourned until next day without effecting a permanent organization.

It would take a more ready pen than mine to give an insight into this disgusting scene, and we abandon the attempt in disgust until to-morrow. UUD.

MR. EDITOR: Dear sir, supposing that you seldom get news from Watauga and perhaps would like to hear something from all parts of the State, and not 'knowing whether the Jefferson *Times*, (or young *Standard*) has found its way to your sanctum or not with its columns filled with news from this mountain country. I will merely say that the Conservatives of this county are I think wide awake and looking forward with pleasant anticipations in regard to the approaching contest. A Convention composed of delegates from the different Townships has already been held and candidates nominated. (The proceedings of which will be sent to you shortly) The Radicals are very much "down in the mouth" and don't even talk of getting up a ticket, but say a great deal about compromising and electing of a mixed ticket, that they want all to come together in order to put down "party spirit," which I suppose means that we must quit talking about the plundering and stealing that has been done by Radical officials. But we have a straight out Conservative ticket and will elect it by a handsome majority. W.

B. CRAVEN.

Nil Desperandum, Hope!

Hundreds of cases of Scrofula, in its worst stages, old cases of Syphilis that have defied the skill of eminent Physicians, Rheumatics who have been sufferers for years, and the victims of the injudicious use of Mercury, have been radically cured by *DR. TUTT'S SARSAPARILLA AND QUEEN'S DELIGHT*. It is the most powerful alterative and blood purifier known. It is prescribed by very many Physicians.

The Life Sustaining Organs.

The two organs which minister most directly to the support of the body, are the stomach and liver. In the former the first process of digestion takes place, under the action of that powerful solvent, the gastric juice. There the food, converted into a pulp, pass on into the duodenum, where it is subjected to the action of the bile or gall, flowing from the liver, and of the fluid generated by the pancreas, or sweetbread of the system. These secretions separate the nutritious portion from the rest, and it is then taken up by the absorbent vessels and conveyed into the channels of circulation in the form of venous blood, while the waste matter is discharged through the bowels. Unless all these processes are duly performed, disease of some sort is inevitable, and the best of all medicinal agents for preserving or restoring the tone and, regulating the action of the three organs—(the stomach, liver and intestines)—by which the three-fold work is carried on, is Hostetter's Stomach Bitters. Indigestion is generally accompanied by constipation, and the gentle cathartic operation of the Bitters is no less important in cases of this kind, than its tonic effect upon the stomach and the biliary gland. Beauty of person as well as health, depends in no small degree upon the regularity of the excretive functions. A sallow complexion, a thick opaque cheeks skin, a tainted breath, rush of blood to the head, loss of memory, headache, and extreme mental depression, are the usual accompaniments of costiveness. A course of the Bitters will infallibly relieve, and finally banish these obnoxious symptoms, while invigorating the stomach and promoting healthy action in the liver. This genial vegetable stomachic and alterative, strikes at disease in its primary sources the assimilating, secretive and expulsive organs, and the cures it effects are consequently thorough and complete.

EXCELSIOR LIFE INSURANCE CO.,

OF

NEW YORK.

P. F. PESCUD, Raleigh,
GENERAL AGENT AND MANAGER.

DR. C. E. JOHNSON, MEDICAL EXAMINER.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in many cases, *considerably lower* than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on *all the plans of Mutual* or Stock Companies, extending to policy holders, all th ir really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income in cash through life, or for a series of years as may afford*.

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

CITY AND STATE ITEMS.

SATURDAY, JUNE 11, 1870.

☞ THEO. N. RAMSAY, its Business Clerk, is authorized to make contracts and give receipts, &c., &c.

IN A STEW.—If we should fall below the usual mark, for the next few days, in giving interest to the columns of the SENTINEL, it must be attributed to the fact that the Editor is off on a speech-making expedition, and we have taken advantage of his absence to do a little something in the way of renovating, repairing and rearranging the office. Everything is piled up in the middle of the floor to give the workmen access to the walls, while dust is as thick (nearly) as the mud on Fayetteville street. In short, we are in a considerable of a stew.

MERCHANTS FIRE COMPANY, No. 2.—This Company is now fully organized, with about fifty active, reliable members. We learn that at the last meeting it was resolved to uniform the Company, and, as the expense is pretty heavy and they have no funds on hand, a Committee was appointed to wait on our citizens and solicit subscriptions, to purchase the caps and belts, each member agreeing to furnish the balance of his uniform. As this is the only Company in the city that is not uniformed, we hope our citizens will respond liberally when waited on by the Committee and give them the help they ask.

RADICAL COUNTY CONVENTION.—The Radical Convention for Wake County is in session in the Court House here to-day, Dr. Banks Chairman. A committee to propose candidates for county offices and for the Legislature has been appointed, and at the time of this writing (3 o'clock, P. M.) have not made their report.

There have been a number of speeches made, and at the time of this writing James Harris, colored candidate for Congress, is holding forth.

What the result will be on the report of the nominations, we can form no idea. There has been some dissatisfaction manifested in regard to some of the offices, but we judge the meshes have been knit too close for the malcontents to effect much.

FIVE O'CLOCK.—The Committee has reported—Badger for the Senate, Tim Lee for Sheriff. Badger's name was received with such decided disapprobation that his name was withdrawn. Five or six of the Committee protested against Lee's nomination.

For the House, Stewart Ellison and W. W. Morgan, colored, and Thos. W. Young and S. D. Franklin, white.

Treasurer, J. J. Lynn.
Coroner, Handy Lockhart, col.
Surveyor, L. B. Segroves.
Commissioners, William Jinks, R. W. Wynne, J. R. Caswell, col., A. J. Nowell and Sam Rayner, col.

Just as we close to go to press, L. P. Olds has been nominated for the Senate, and the consideration of the other candidates is progressing.

Banks looks like he wanted a drink "mighty bad."

TUCKER HALL.—Templeton's Company gave another of their graceful and pleasant entertainments at Tucker Hall last evening and were patronized by a large audience. Although Mr. Templeton and the Misses Vane fully sustained their reputations as artists of the first distinction, yet little May Templeton, by her exquisite rendition her role, was the centre of attraction. This charming little girl, only some five or six years, exhibits an extraordinary talent, and will doubtless some day be the brightest star of her profession.

To-night, Fanchon, the Cricket, will be rendered, and we hope, greeted with a full house.

We hear it whispered on the streets that a letter has been received from "Hon." Jno. T. Deweese, "our" late Representative in Congress, stating that he intends to send the written receipt for his last nomination.

We tell you James Harris, you had better close with the $6,000 offer or you may be choked off the track and not get anything. Now we do not set up for a prophet, but we venture the prediction that James ceases to be a candidate within the next six weeks.

We tell the colored people to watch James closely for he will certainly sell them out.

FORESTVILLE PAPER MILL.—We learn that this mill which has been suspended in its operations for the past two weeks, (owing to the washing away of about one hundred feet of the mill race,) will resume operations, in full force, next week. The proprietors have now and keep constantly on hand a full stock of all grades of newspaper, bookpaper and wrapping paper.

Brown's Bronchial Troches—"Your Troches are too well and favorably known to need commendation."
Hon. CHAS. A. PHELPS,
Pres. Mass. Senate.

"My communication with the world has been very much enlarged by the Lozenge which I now carry always in my pocket; that trouble in my Throat (for which the TROCHES are a specific) having made me often a mere whisperer."

NOTICE—BENEFICIAL TO ALL WHOM IT MAY CONCERN.—Persons indebted to the undersigned, will come forward and settle within 30 days from date, if not their names, amounts (and what for!) will be published for 30 days. PHIL THIEM.

WELDON.—It has now been some six weeks since we made our trip to Weldon, on the return from which we happened to the mishap to get our right arm so injured as to prevent the use of the pen for a long time, and even now we write with great difficulty. It was this that prevented our writing such a notice of the incidents of the trip as we intended to do. As some reparation for this forced neglect, we propose now to make a brief notice of such incidents as memory may recall, and which may not be considered stale after such a lapse of time.

And first, as to Weldon itself. We have known the village a long time, indeed we knew it when it hardly had houses enough in it to entitle it to the name of a village. It used to be called a grave yard in old times, how justly, we don't know; but of one fact we are convinced, that since the advent of Railroads with their pine smoke, and the increased attention to drainage on the adjacent farms, we would about as soon take our chances for health there as at any other point in that section.

For a long time the growth of Weldon averaged about half a house a year, but for the last few years it did better; and for the last two years it has made a progress in improvement that, no doubt, astonishes those in the surrounding country who were acquainted with its snail pace of the primeval times.

On our recent visit, we had not more than got our buggy cushions safely deposited in the place that gave so much anxiety to some inquiring friends, (for we went from the house of a friend in the country,) than we were met by our old friend, Judge Lynch (not the one connected with the Ku Kluxing going on in the country, but the one) whom every body knows and every body likes, who showed us around the town.

There have been a large number of new buildings erected recently, more, we suppose, than were already standing at the close of the war. Among the rest was one the Judge himself has lately put up, just far enough outside the corporate limits to escape the noise of the town, on one of the most beautiful sites in the vicinity, and is capable of being made one of the handsomest residences in the State.

Of course we visited the *News* office, where we found everything in that neat and comely order in which a printing office should always be kept; with his new power press and everything necessary to a complete establishment; the very kind of office, in short, as such a sprightly, live and interesting paper as the *News* might be supposed to emanate from.

We visited the Ladies' Fair, gotten up, and very successfully, we judge, to raise funds for building an Episcopal Church in Weldon, where we met a number of our lady acquaintances and spent a most pleasant hour.

The Agricultural meeting, which was *the* feature of the occasion, was a decided success. We deem it unnecessary, after this lapse of time, to give particulars of the proceedings. An Agricultural Society was formed, officers elected and funds raised or pledged for the holding of a Fair at Weldon some time this Fall. We have no doubt the Fair will be a grand one, for they have the right men hold of it, and every facility in regard to location and otherwise, to make it such. So mote it be.

HARVESTING.—On some of the farms in this and adjoining counties, where the lands are of such a character as not to be so unfavorably affected by the wet weather we have had, the wheat harvest has commenced. We have heard of several who have commenced cutting their early wheat, and by next week the harvest will have opened in earnest.

Owing to the continued rains for the last two or three weeks, farmers have had a bad chance to put their corn and cotton crops in a proper condition to given them a chance to cut their grain, and consequently, there will be a tremendous strain on the labor of the country for the next four or five weeks. Every body disposed to work will be able to find enough of it to do.

GOING TO TAMPICO.—The telegraph announced, several days ago, that the appointment of H. A. Badham, of this State, (or rather, of the former county of Alamance, which lies within the State limit,) to the Consulship at Tampico, had been confirmed. A gentleman who formerly furnished liquid refreshments to the public, in this city, on hearing of the confirmation, expressed the hope that Henry would settle up some of his old grog bills before he makes his departure for his new field of usefulness.

BURGLAR AND HORSE THIEF AT LARGE. A correspondent from Randolph informs us that the notorious burglar and horse-thief, Henry Maloy, negro, is again at large. He is a compeer in crime to the recently caged Pat Artis, having committed various robberies, burglaries and other crimes, until he has become a terror to the whole county. He has been caught several times, but manages in some way always to get out of jail and escape punishment.

Our correspondent asks if the Governor will not take some steps to arrest this notorious criminal and have him punished.—It is decidedly our impression he will not, because it would suit the present plans of the Radical party better to let him run until his deeds shall bring down private vengeance on his head, and then work up the case into a nice "brutal Ku Klux outrage."

It is said that Andrew Jackson Jones carried $10,000 (Railroad money, you bet,) to Lumberton to secure his nomination.

If this is true, Jones is good for the nomination, unless Dockery is able "to see" that 10,000 and raise him slightly.

TELEGRAPHIC.

Friday Night Dispatches.

WASHINGTON.

WASHINGTON, June 10.—Revenue over $1 000,000.

Boutwell has gone North and will be absent a week.

A masterly inactivity seems to be the policy of the Executive.

Private dispatches from Oregon indicate that the member of Congress, heretofore claimed as a Republican is a Democrat. The Democrats made a clean sweep.

Red Cloud and his party had a final interview to day with the Secretary of Interior, when Red Cloud reiterated his demand, previously made, for the removal of Fort Fetterman, and was informed much to his dissatisfaction that the Fort would not be removed. He received news that arrangements were made for the departure of himself and party for their homes on Monday next.

Spurious stamps on North Carolina tobacco have been seized in Baltimore. The counterfeits are slightly longer, and the tinted lines of the genuine are absent.

The House ordered a special Committee on the alleged false statements by the correspondent of the N. Y. *Evening Post*.

SENATE.—Book publishers memorialize for a modification of the copy-right laws.

A bill was introduced authorizing army officers to insure their lives in Life Insurance offices in the United States.

Central Branch Pacific Railroad, and the franking privilege were discussed up to recess.

HOUSE.—A great part of the day was consumed in the investigation of the alleged falsity of the dispatches, charging Congressional corruption in Cuban affairs.

The discussion was warm upon the point that newspaper men, like preachers and lawyers, had a right to withhold source of information.

The correspondent in this instance was brought to the bar of the House.

A motion was made by the agrieved party that he be expelled from the Reporter's gallery. The motion was finally amended by appointing a Committee with power to send for persons and papers.

The deficiency bill, as it returned form the Senate, was considered.

The Senate made 156 amendments to the bill. The first regarding the Court of Claims was adopted. It provides that no pardon or amnesty granted by the President, whether general or special, by proclamation or otherwise; nor any acceptance of such pardon or amnesty, nor oath taken or other act performed in pursuance or as a condition thereof, shall be admissible on the part of any claimant in the Court of Claims, as evidence in support of any claim against the United States, or to establish the standing of any claimant in said Court or his right to bring or maintain suit therein, except where such pardon and amnesty were granted and oaths of allegiance and amnesty taken in good faith during the continuance of the active operations of the late war, under the proclamation of President Lincoln, issued in pursuance of the 13th section of the act of Congress, known as the confiscation act, approved July 17th 1862 pledging the public faith for a restoration of the rights of property, and where all the requirements and conditions named in said act and proclamation have been faithfully complied with, and said oath of amnesty and allegiance kept and maintained inviolate; and this is hereby declared to be the true intent and meaning in this regard, of the several acts conferring jurisdiction on the Court of Claims, and of said act of July 17th 1862, and of the said proclamation of President Lincoln, founded thereon. Without further progress, the House adjourned.

NEW YORK.

NEW YORK, June 10.—The Grand Lodge of Masons to-day, abandoned the scheme to establish a National Grand Lodge.

The Elevated Railroad is successfully operating but with limited patronage.

FOREIGN.

LONDON, June 10.—The "Egeria" won Wednesday's yacht race by one minute and forty seconds.

LISBON, June 10.—A general amnesty is promised for past political offences.

MADRID, June 10.—Montpensier has asked for a passport to go to England.

Saturday Evening Dispatches.

WASHINGTON.

WASHINGTON, June 11.—HOUSE.—More petitions for a tax on whisky at still's, on the capacity basis.

Butler of Massachusetts asked leave to introduce a bill to repeal the tenure of office bill. Poland objected.

Pat Woods *alias* Doley, of Richmond Virginia, was presented at the bar of the House, charged with violating the privileges of Mr. Porter, by beating him in Richmond. The matter was referred to the Judiciary Committee with power to send for persons and papers. In the meantime, Woods is held by the Sergeant-at-arms.

While the vote was progressing, several members conversed with the prisoner, which the Speaker decided out of order.

Kerr moved that as the prisoner was poor, the House assign him counsel. This motion was also referred to the Judiciary Committee.

The appropriation bill was resumed.

The Senate appropriated $50,000 for the expenses of the Indians now visiting Washington.

FOREIGN.

LONDON, June 11.—In the House of Commons last night, Mr. Crawford moved that provision be made in the reduction of the duties on sugar for the drawback on stock in store on the 12th of April.

Several members attacked the government on the subject of sugar duties, charging it with bad faith.

Mr. Gladstone and Mr. Lowe replied to the charges and opposed the resolution.

The resolution was withdrawn.

PAIN KILLER
PERRY DAVIS' AND SON'S
1840 1870
The Great Family Medicine of the Age.
THIRTY YEARS

Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before. Its popularity is not confined to this country alone; all over the world its beneficial effects in curing the "ills that flesh is heir to," are acknowledged and appreciated, and as a PAIN KILLER its fame is limited to no country, sect nor race. It needs only to be known to be prized.

THIRTY YEAR is certainly a long enough time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all its proprietors claim for it, is amply proved by the unparalleled popularity it has attained. It is a SURE and EFFECTIVE remedy. Sold by all Druggists.
PRICE 25 cts, 50 cts, AND $1.00 PER BOTTLE.
Directions accompany each bottle.

A PROCLAMATION
By His Excellency the Governor of North Carolina.
EXECUTIVE DEPARTMENT OF N. C.,
RALEIGH, June 6th, 1870.

WHEREAS, Official information has been received at this Department, that a vacancy exists in the representation from this State in the Congress of the United States, caused by the resignation of Hon. JOHN T. DEWEESE, a member of the House of Representatives from the 4th Congressional District, composed of the counties of Wake, Franklin, Granville, Orange, Johnston, Nash, Chatham and Warren.

Now therefore, I, W. W. HOLDEN, Governor of the State of North Carolina, by virtue of authority vested in me by law, do issue this Proclamation, ordering an election to be held in the various counties composing said District, on the first Thursday in August next, for the purpose of filling the unexpired term of the said JOHN T. DEWEESE. It is further ordered, that said election be held in all respects in accordance with existing laws.

Done at our City of Raleigh, this 6th day [L. S.] of June, 1870, and in the 94th year of our Independence.

THE EQUITABLE
HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.
In 1860 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "ANNUAL" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.
One hundred Dollars paid [dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.
Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

DOUBLE-ACTING FORCE PUMP.

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in the pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 30 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D, or, if the money is sent me, by the regular freight. UNPRECEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Oversewing, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Miss TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe* and *brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Jaundice. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best summer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.

SPARKLING

CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called North Carolina White Sulphur Springs, will be open for visitors on Wednesday, the 1st day of June.

Being situated in the Northwestern part of the State, in a section remarkable for its delightful climate, beauty and healthiness, these, together with the virtue of the waters, make it one of the most desirable Watering Places to be found.

The Mineral Waters of these Springs

Are the White and Blue Sulphur, and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all Female diseases, diseases of long standing, diseases of the liver, bowels, stomach, kidneys, Pulmonary diseases, Eruptions of the skin, Scrofula, Weakness, Debility, Dyspepsia, Rheumatism, &c., &c.

From the numerous wonderful cures that have come immediately under my own observation within the last four years (by the use of these waters) I am satisfied that this is the place for all whose condition can be improved by the salubrious character of any water that flows from the earth, and the medicinal qualities of the same are not excelled.

Our rooms, in both cottages and other buildings, are large and pleasant; cottages containing from two to six rooms each, suitable for large or small families. Many rooms having been already applied for arrangements will be made to accommodate a large number of visitors, and it is to be hoped that our Southern people will patronize the Sparkling Catawba, which ought to be the pride of North Carolina, as well as the South, for no watering place can offer greater inducements for either health or pleasure.

The Bar will be supplied with choice liquors and segars. Good Ten Pin Alleys. Billiard Tables, one of which will be of the most approved style.

GOOD BATH HOUSES,

For Pool, Plunge or Shower Baths; hot or cold.

A GOOD BAND OF MUSIC,

Six or more performers, has been engaged for the season, and a good Physician permanently located for the benefit of invalids, who will have good attention.

The Sparkling Catawba this season will be under the management of Mr. JOHN L. EURAEK, (who, for the last three years has been manager at the Heating Springs in Virginia)—assisted by Mrs. M. A. WARREN, and visitors may rely upon finding a good table.

The cars, on the Western and Morganton Railroad, leave Salisbury every morning, Sundays excepted, for Hickory Station, the Springs Depot, where hacks with good drivers will be ready to take passengers to the Springs, a distance of 12 miles, over a beautiful, well-shaded road.

A GOOD LAUNDRY connected with the Springs and washing done at reasonable rates.

BOARD.

For four weeks, $48. Per Week, $15. Per day, $3. Children under ten years of age and colored servants half price. No charge for infants, or children under two years of age. Reasonable deduction made for large families who spend the season.

Tickets at reduced rates, or return tickets, can be had on the different Railroads to the Sparkling Catawba.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and *every year, and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
